

This is
a
MinHeap!

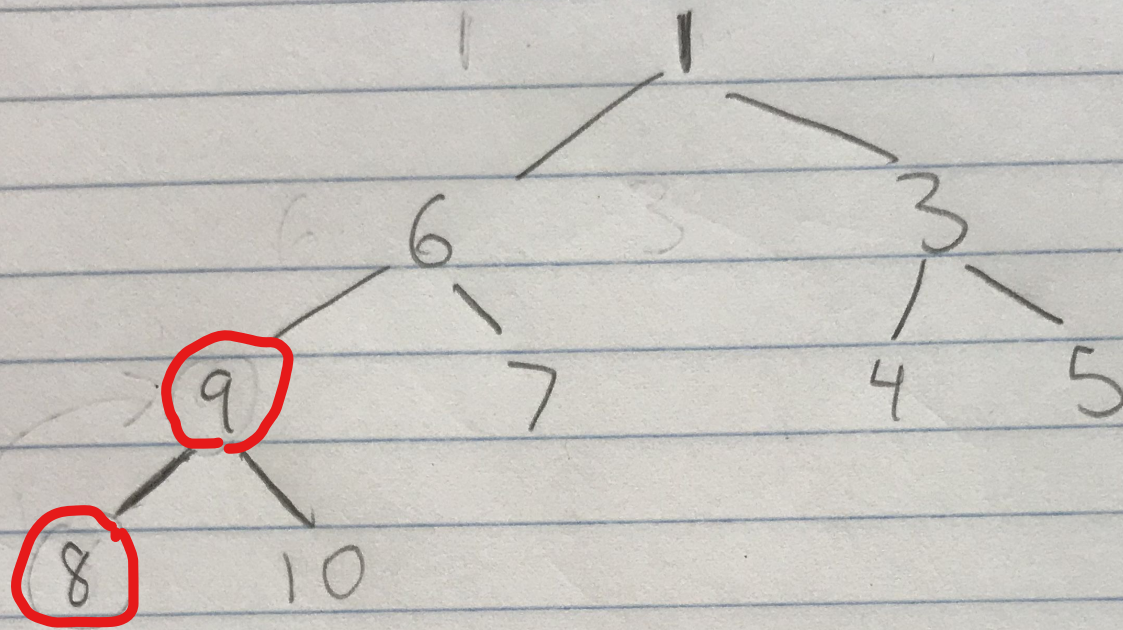

Inserting 2: [1, 2, 4, 3, 7, 10, 6, 5, 9, 8, 11]

still
a
MinHeap!

Removing the Minimum: [2, 4, 3, 7, 10, 6, 5, 9, 8, 11]

This is not a min heap. The 8 and the 9 must be switched.

8 is smaller than 9, so it is not greater than the value of its parent.
